

Royal Quality

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation:

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way preferable to use the Royal, whose work is always certain never experimental.

There are many imitation baking powders, made from cheap ingredients. They may cost little per pound, but their use may be at the cost of health.

Never experiment with so important an article as the human food

Silver and gold don't rhyme, but they make a pleasant jingle.

Important to All Women
Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, beating-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and restorative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

SPEAKING GLANCES.
(From the Century Magazine.)

Now, what the Spanish-American beauty cannot do with her eyes is not worth mentioning. In the brief moment of passing she can say:

"Don Manuel, I love you. Beware of my senora aunt, who is watching me like a tiger. Don Manuel, you are the handsomest man I ever saw. Do you behold how jealous is the fat Don Marco who is sitting with my so beloved and respected father? For the fat Don Marco I have the greatest disgust. Shall you be passing our casa to-morrow at the usual hour of night? Behold, I shall be looking forth, Don Manuel. I would fall into your arms!"

"The senorita says it all with her eyes."

NOTES FROM THE LEGISLATIVE LEXINGTON JUNKET.

His Excellency Governor McCrory is as suave as ever—if anything, a little snarver.

Being a Republican, an editor and a legislator, should indicate a combination of the best qualities, and Mr. M. O. Wilson's friends say he is just that. He doesn't talk much on the floor, but in committee he's the hardest worker there is.

Mr. Stanley Reed is showing the House that Maysville can produce some pretty able lawmaking Democrats, as well as Democratic lawmakers. Just now Mr. Reed is dividing his attention between the Legislature and the big banquet of the Young Men's Democratic Club, that is to be held in Frankfort on the 27th—Lexington Leader.

PROBLEMS OF THE TENEMENT.
(By Miss Rebecca Averill, Department of Philanthropy.)

About two years ago the greatest of social workers began to realize that something must be done and done quickly to save the American home, as an institution. There are ninety thousand homes in America presided over by an army of many women.

This army is officered by brilliant women, who will safely guard its sanctity either with or without the so-called woman question settled.

So that in Philadelphia year before last and in Cincinnati in December last, the first two conferences along these lines were held.

I have been asked why the centerpieces were called "National Housing," and might say in passing that it is because that the word "housing" covers more, in fact, is a broader term than "tenement," because applying to any home, and the reason those interested wish to have surveillance over all habitations is that neighborhoods change and old houses not built for tenements, or even for apartments, or even for apartments, are converted into such and often become from inconvenient divisions in hall ways, alcove rooms, or basements, dark and unsanitary dwelling places—not at first so meant to be.

In any ordinary town or county even anyone deems that there are no tenement problems in their neighborhood because that neighborhood has not been investigated.

We are anxious to eliminate the word "slum" from our vocabulary, but how can we when the monster stares us in the face?

I have seen this proven too that it is not the fault of the poor dependent upon rented property always that their little houses are filthy when rotten timbers are infested with vermin—and bring 16-23 per cent. and upward to their landlords and landlords, for when given a chance they do improve in their home making.

We want a law that will require rented property to be safe and sanitary.

It is a pitiful fact that just such shanties and cellar rooms often bring the property owner their biggest per cent.

Some one says, "Oh, don't sell that; because the unscrupulous might buy up the slum property and we could not fight so easily for improvements."

Conditions obtaining in Lexington, Versailles, Harrodsburg, Danville and other towns adjacent to Frankfort I know. In our own town there are yet untouched some dark rooms over stores without the light of day—unventilated, where some old invalid often is relegated—but we have notified the owners of about thirty shacks to either tear down or improve them where possible—for we are not unreasonable—and have gone through two courts to the highest in the State to enforce our ordinance.

We think that a state law however will strengthen our position for you know the strength of public sentiment in enforcing a law after getting it! Then as Chairman of Philanthropy of our State, Federation of Women Clubs—it behooves me to carry forward the

MODERN HOTEL
Said to Be Planned by J. B. Haggin at The Bluegrass Capital.

Lexington.—It is said that James B. Haggin, the New York multi-millionaire, has finally decided to erect a magnificent hotel on the lots recently acquired by him at the corner of Main and Limestone streets, and extending along Main street directly opposite the Phoenix Hotel.

A large part of the first floor of the Limestone side, it is said, will be used for business houses with the front of the hotel in Main street, opposite the Phoenix, the main building rising into sky-scraper dimensions. Mr. Haggin already owns practically all of the property outlined as the site.

CHRONIC COLDS
Are Contracted by Changeable Weather.

A Simple Remedy.
Sudden changes are particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their conditions, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance and to accomplish this nothing equals Vinol, our cod liver and iron tonic.

Mrs. M. J. Grimes of Springfield, O., says: "I was badly run-down, nervous and weak, and while in this condition I contracted a heavy cold and rheumatism. Vinol was recommended and I am happy to say it cured my cold and restored me to health again."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. J. C. Pecor, Drug-gist, Maysville, Ky.

P. S.—For Example of Seal, try our Sazo Salve. We guarantee it.
